

## ABOUT US

On the Go Casino® Inc. has been providing high quality, exciting casino entertainment since 1999. We use quality casino grade equipment and knowledgeable, friendly dealers to make each event a success.

Casino parties are our business. Unleash the excitement of a Las Vegas casino and let On the Go Casino® Inc. add a unique element of electrifying fun to your next event!

Casino parties are a popular and successful way for companies or individuals to entertain guests. It's all in fun, with no "REAL" gambling involved. Guests wager with "funny money," and have a chance to win prizes provided by you, the host.

We work with corporations, individuals and organizations, adding a distinct component to customer and employee appreciation parties, sales meetings, conventions, awards parties, birthday parties, holiday parties, anniversaries, retirement parties, bar/bat mitzvah's, weddings, class reunions, graduation nights and fundraising events. Let us help make your next occasion a memorable success.

## OUR MISSION

On the Go Casino® Inc. is committed to providing a unique element of exciting casino entertainment using dynamic, energetic dealers and top quality, authentic casino equipment - all at a competitive price!

## HOW IT WORKS

Our crew will have the tables and accessories for your party set up and ready to go at your location approximately one hour before the casino begins. Professionally attired dealers will be at their tables and ready to deal approximately ten minutes before the casino opens.

**STARTING.** Each guest will receive a laminated voucher card worth \$500 of “funny money”. These are provided to the host/hostess to pass out to the guests prior to the start of the casino. When the casino opens, guests may turn in the \$500 voucher card at any of the tables, where our dealers convert the card into playing chips. The denominations of each color of playing chip are listed on the voucher, and our friendly dealers will reiterate this throughout the party.

**PLAYING.** Guests begin play once they have exchanged the \$500 voucher for chips.

Minimum and Maximum wagers (\$5 - \$100) are established to ensure the games move along at a good pace and the guests don't run out of chips too quickly. If the guests do not know how to play the game, our friendly dealers will be happy to explain it to them to ensure that everyone learns, has fun and experiences the festive casino atmosphere.

**ENDING.** Approximately fifteen minutes prior to the closing of the casino, the casino manager will call “last hand”. The wagering ends and guests turn in their chips at the gaming tables. The dealers will exchange them for either raffle tickets or auction vouchers. These can then be used for a chance to win the prizes provided by the host/hostess.
